17 May 2021

Dear Parent/Carer

Covid-19 Update

As you will be aware we have taken the difficult decision to move S1/2 to remote learning this week. This was due to the number of staff who were self-isolating and we were unable to cover all classes.

Pupils in S1 and S2 should follow the remote learning timetable which was in place last term. Also attached below for information. All work will be posted on Microsoft teams and pupils will be able to access work there.

During the course of last week we have had a very small cluster of cases in S6 and S2 which we have dealt with swiftly. We are working closely with Public Health and a decision has now been taken to isolate siblings of any person identified as a close contact as a further mitigation to prevent the spread of the virus. If the close contact returns a negative PCR test then the sibling can return to school, however, the close contact must complete the isolation period.

Our health and safety protocols remain very tight, pupils are asked to sanitise their hands on entry to the building and again when they enter and leave a classroom. All pupils are wearing a face covering or mask in all classrooms unless they are a known exemption.

I would strongly encourage all members of the school community to sign up for the Lateral Flow testing kits and this will provide another level of protection and further prevent the spread of the virus. Details can be found on the home page of our website.

I understand that this is a worrying and anxious time and I will provide a daily update to ensure you are kept up to date with the situation.

If you have any concerns please get in touch.

Thank you for your continued support

Best wishes

L Black
