19 May 2021

Dear Parent/Carer

Covid-19 Update – 19th May 2021

Today I am pleased to report there is no change to the current Covid-19 situation Beeslack. We have had no further cases or the need to isolate any more students or staff. I will, of course, update you if the situation changes.

Can I also take this opportunity to remind you that we have an in-service day on Monday, and Tuesday is the first of our allocated assessment support days. The school will be closed to all pupils and we will reopen on Wednesday 26th May.

I cannot thank you enough for your support during the challenges of the last week and I am hopeful that all pupils will be back in school next week if we continue to work hard to suppress the spread of the virus.

Please get in touch if you require any further information.

Best wishes

L Black
