Dear Parents/Carers

Covid -19 Updates

As we reach the end of the week, we now have a number of staff and pupils self-isolating. At the moment, all classes are covered and we can still operate as normal with all of our mitigations in place.

Staff are working hard to ensure all of our health and safety procedures are being followed. It would be helpful if you could remind your son/daughter to sanitise their hands on entry to the building and to adhere to our one-way systems for moving around the building. These, as well as masks, are the areas where we are having to remind pupils the most.

Next week we strongly recommend that pupils do a lateral flow test every day before coming to school – this is our best chance to ensure everyone can be covid free for Christmas. If you need test kits, they are available in school from reception at break and lunchtime, and can also be collected from local pharmacies.

Next week all pupils will be asked to keep a close contact log each day. The pupils will bring their logs home so that they have close contact names in the event that you are contacted by the Test and Protect team.

A reminder that all of the latest information can be found here:

<https://publichealthscotland.scot/our-areas-of-work/covid-19/covid-19-health-protection-guidance/latest-updates/>

Thank you again for your support.

Best wishes

L Black
